Thaicom receives ISO 22301: 2012 (BCMS) certification

Thaicom Public Company Limited, led by **CEO Paiboon Panuwattanawong** (4th from right) together with senior managements receive an ISO 22301:2012 certificate for Business Continuity Management System (BCMS) from Mr. Bookkhalakorn Chaidee, a representative from the British Standard Institution (BSI) (4th from left). The certification recognizes Thaicom's effective management of the risk of potential business disruption through preventative measures and contingency plans, demonstrating Thaicom's ability to provide the continuous network connectivity needed to support economic growth that is socially and environmentally sustainable.

###

About THAICOM

THAICOM Public Company Limited, a leading Asian satellite operator, was established in 1991. The Company was the first to launch a broadband satellite in the world, and is a leader in developing integrated solutions for satellite broadband and broadcast services. The Company's engineering teams provide leading-edge innovative solutions for satellite-based telecommunications services. Since its establishment the Company has launched seven satellites, with four satellites in

operation: THAICOM 4 (IPSTAR) provides a variety of broadband and data services, including cellular backhaul, mobility, government USO support, content delivery, business continuity and emergency services in thirteen countries in Asia Pacific.

THAICOM 6 is to expand the Company's broadcast carrying capacity in SE Asia and Africa (by the name "AFRICOM 1") and is collocated with THAICOM 5 at 78.5 degrees East; the satellites board a combined 700 TV channels both in SD and HD formats. THAICOM 7 was launched in September 2014 to provide media & data services for Asia's and Australasia's entertainment and telecom industries at 120 degrees East. THAICOM 8 was launched in May 2016 to expand Thaicom's servicing capacity and footprint in the region. Thaicom is traded on the Stock Exchange of Thailand (SET) under the trade symbol "THCOM".
