2018 : Key Financial Highlights

Consolidated Key Financial Highlights

- **Revenue from Sales and Services 6,008 MB** ; Decrease 10% YoY, mainly due to the decrease of price per unit following industry trend and impact from clients churn in 2017
- **Gross Profit 1,789 MB** ; with 30% margin, improved from the decrease of depreciation
- **Normalized Profit 140 MB** ; Increase 608%, despite revenue decreased, mainly due to the cost reduction
- **Net Profit 230 MB** ; Improved from the sales of CSL, decrease of depreciation & amortization and SG&A, offsetting with impairment loss

(+) Profit increased, despite the revenue drops, from the cost reduction

(-) Revenue dropped from the decrease of price per unit and impact of clients churn in 2017

Unit: Baht million

*Profit (loss) attributable to owner of the Company – Profit from the sale of CSL's share + Net impairment loss

2018 : Satellite performance

Satellite Revenue

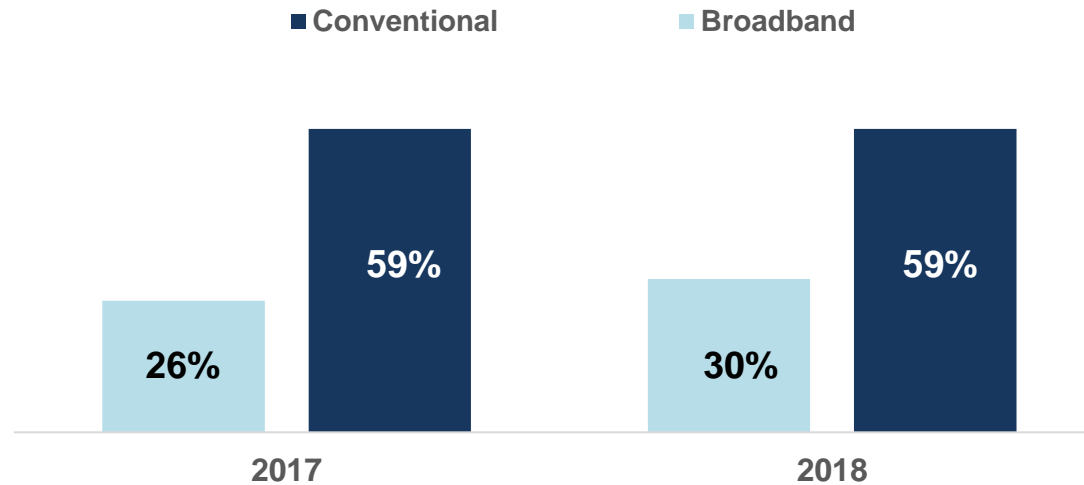

Unit: Baht million

2018 Satellite revenue was 5,850 MB.

Decreased 10% YoY, caused by the a drop of market price and major clients churned during 2017

Committed BW Utilization

Broadband: Utilization increased from new contracts, the Philippines, Indonesia and Thai government project

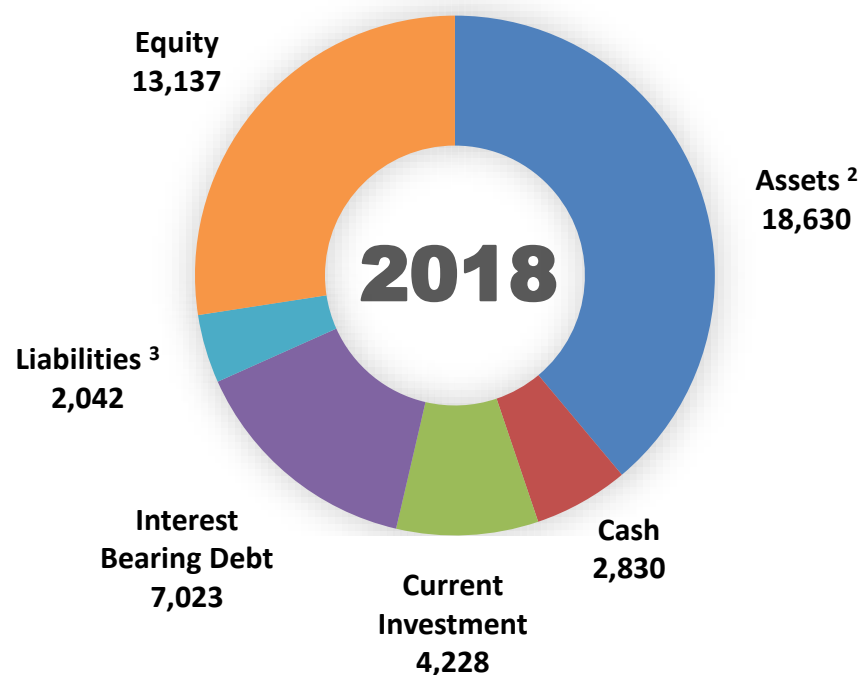

Broadcast: New contracts from regional balancing the churn of local ones

Financial position as of 31 Dec 2018

Unit: Baht million

Moving Forward

Key Framework 2019

Satellite Business

Partnership Model

- ✓ Selling existing capacity partnership model
- ✓ Increase utilization of the existing satellites
- ✓ Thailand's PPP process (Public Private Partnership)
THCOM is open to join with strategic partnership in Thailand for this scheme
- ✓ International consortium for HTS

Adjacent

Professional Services

- ✓ Bangladesh satellite program
- ✓ China's TCSTAR-1 program

NAVA

- ✓ Expand in Gulf of Thailand
- ✓ Expand to South China sea

Australia

- ✓ End to End Solutions and managed services for NBN
- ✓ Maritime and Movie Solution services

New Business

- ✓ Capture government projects to serve Thailand 4.0
- ✓ Identify in 2019 the prototyping of potential business among AI, FINTECH, Block chain, Drone and Robotic

Operate under Thai Regulation

- ✓ Life extension for TC4 & 5
- ✓ PPP for satellites under concession (TC4 & 5 & 6) with competitive advantage:
 - ❖ 27 years experience of satellite service provider.
 - ❖ Effective cost structure management
 - ❖ Strategic Partner
- ✓ Operate TC7 & 8 under license scheme

Explore partnerships

- ✓ Consortium Based Asian HTS @another orbital slot
- ✓ Explore Resell Model ; Rent/Rev share Model

Explore Global GEO & LEO Satellite Partnership

- ✓ Explore Global VHTS/HTS/LEO Resell; Rent/Rev share Model

Remarks:

PPP = Thai Government's Public Private Partnership (PPP) scheme

HTS = High Throughput Satellite, VHTS = Very High Throughput Satellite, LEO = Low Earth Orbit, EOL = End of Life

Commercial Highlights

Commercial Highlights
