REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION BY THE INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

TO THE BOARD OF DIRECTORS THAICOM PUBLIC COMPANY LIMITED

We have reviewed the consolidated statement of financial position of Thaicom Public Company Limited and its subsidiaries and the separate statement of financial position of Thaicom Public Company Limited as at March 31, 2020, and the related consolidated and separate statements of profit or loss, profit or loss and other comprehensive income, changes in shareholders'equity and cash flows for the three-month period ended March 31, 2020, and the condensed notes to the financial statements. The Company's management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with Thai Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the aforementioned interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting".

2. Basis of preparation of the interim financial statements

2.1 Statement of compliance

The interim financial statements are prepared on a condensed basis in accordance with Thai Accounting Standard (TAS) No. 34 (revised 2019) "Interim Financial Reporting"; guidelines promulgated by the Federation of Accounting Professions (FAP); and applicable rules and regulations of the Thai Securities and Exchange Commission.

The interim financial statements are prepared to provide an update on the financial statements for the year ended 31 December 2019. They do not include all of the financial information required for full annual financial statements but focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company and its subsidiaries for the year ended 31 December 2019.

The consolidated and separate statements of financial position as at 31 December 2019, presented herein for comparison, have been derived from the consolidated and separate financial statements for the year then ended which have been audited.

Notes to the interim financial statements

For the three-month period ended 31 March 2020 (Unaudited)

The accounting policies and methods of computation applied in these interim financial statements are consistent with those applied in the financial statements for the year ended 31 December 2019 except that the Group has adopted all the new and revised TFRS that are effective for annual period beginning on or after 1 January 2020. The change in accounting policies are presented in Note 2.4.

Since 1 January 2020, the Group has adopted Thai Financial Reporting which are effective for the financial statements for the period beginning on or after 1 January 2020 onwards which changes in key principles are as follows:

| TAS | Topic |
|--------|---|
| No. 32 | "Financial Instruments: Presentation" |
| TFRS | Topic |
| No. 7 | "Financial Instruments: Disclosures" |
| No. 9 | "Financial Instruments" |
| No. 16 | "Leases" |
| TFRIC | Topic |
| No. 16 | "Hedge of a Net Investment in a Foreign Operation" |
| No. 19 | "Extinguishing Financial Liabilities with Equity Instruments" |

These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards, with most of the changes directed towards revision of wording and terminology, and provision of interpretations and accounting guidance to users of standards. The adoption of these financial reporting standards does not have any material impact on the Company's financial statements except Thai Financial Reporting Standard No.16 "Leases" ("TFRS 16").

Thai Financial Reporting Standard No. 16 "Leases"

This financial reporting standard define principles for specifying lease agreements and practices in the financial statements, both for the lesser and the lessor.

This financial reporting standard supersedes the standards and interpretations of standards relating to leases when they are effective, include the definition of a lease in accordance with TAS 17. TSC 15 interpretations of Operating Leases - Incentives. TSIC 27 interpretations of Evaluating the Substance of Transactions Involving the Legal Form of a Lease and IFRIC4 Interpretation of Determining whether an Arrangement contains a Lease.

For lessee accounting this financial reporting standard has changed significantly. By canceling the classification between operating lease and financial lease under the Accounting Standard No. 17 and requiring the lessee to recognise the assets usage rights and liabilities under the lease on the date the lease began to be effective for all lease agreements. Except short-term lease and low-value reference assets. However, accounting for the lessor must still classify the lease as an operating lease or a finance lease the same principles as TAS 17. The details of the new specification described in Note 2.4.

Thaicom Public Company Limited and its Subsidiaries Notes to the interim financial statements

For the three-month period ended 31 March 2020 (Unaudited)

Financial impact of the initial application of TFRS 16

The Group recognises the lease liabilities relating to the previously classified as operating lease in accordance with Thai Accounting Standards No.17 "Leases". Leasehold Rights and measurement rights amount equal to liabilities under lease adjusted by the amount of advance payment or accrued payment related to the lease agreement recognised in the statement of financial position before the date of the initial application. Liabilities under lease contracts are measured at the present value of the remaining lease payments, discounted by the Group's additional borrowing interest rates. The weighted average interest rate of the additional hires of the lessee applied to the lease liabilities recognised in the statement of financial position as at 1 January 2020 is 3.75% - 5.50% per annum.

The following table shows the operating lease commitments disclosed in accordance with Thai Accounting Standard No. 17 "Leases" as at 31 December 2019, with a discounted interest rate on additional borrowings as at the initial application and lease liabilities agreements are recognised in the statement of financial position on the initial application.

The date that the initial application financial reporting standard No. 16 "Leases" is 1 January 2020.

2.2 Functional and presentation currency

The interim financial statements are prepared and presented in Thai Baht, which is the Group's functional currency. All financial information presented in Thai Baht has been rounded to the nearest thousand in the notes to financial statements unless otherwise stated.

2.3 Judgements and estimates

The preparation of interim financial statements in conformity with TFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these interim financial statements, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2019.

2.4 Significant Accounting Policies

Accounting policies that have been changed from the adoption of new and revised financial reporting standards are as follows:

Leases

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Company Group recognises a right-of-use asset and corresponding lease liability with respect to all lease arrangements in which it is the lease. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under TAS 37. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Company Group expects to exercise a purchase option, the related right-of-use is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The Group as lessor

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for the head lease and the sub-lease as two separate contracts. The sub-lease is classified as a finance lease or operating lease by reference to the right-of-use asset arising from the head lease.

Notes to the interim financial statements

For the three-month period ended 31 March 2020 (Unaudited)

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

When a contract includes both lease and non-lease components, the Group applies TFRS 15 to allocate the consideration under the contract to each component.

Financial instruments

Classification and measurement

Debt securities and marketable equity securities held for trading are classified as other current financial assets are measured at fair value through profit or loss.

Debt securities and marketable equity securities which apart from held for trading or intended to be held to maturity, classified as non-current financial assets are measured at fair value through other comprehensive income.

Financial liabilities are classified and measured at amortised cost.

Derivatives are classified and measured at fair value through profit or loss.

Impairment of financial assets

The amounts of impairment of financial assets are estimated based on expected credit loss model that requests the company to assess in what stage each type of financial asset is classified in accordance with the extent of deterioration of credit risk since initial recognition. At the end of each period, the company estimates a cash shortfall over the expected remaining lifetime of financial asset as loss allowance. The expected credit loss is estimated by the cash shortfall, which is adjusted to a probability-weighted amount that is determined by evaluating a range of possible outcomes. In estimating expected credit loss, the company is required to reflect reasonable and supportable information that is available without undue cost or effort about past events, current conditions and forecasts of future economic conditions.

Hedge accounting

Derivative financial instruments are recognised initially at fair value. Subsequent to initial recognition, they are remeasured at fair value. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss. However, where derivatives qualify for hedge accounting, recognition of any resultant gain or loss depends on the nature of the item being hedged.

3. Related parties

Related parties are enterprises and/or individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Company, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company. Joint ventures and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Company and close members of the family of these individuals, and companies associated with these individuals also constitute related parties. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

The Company is controlled by Intouch Holdings Public Company Limited ("Intouch") (incorporated in Thailand), which owns 41.13% of the Company's shares. Transactions with Intouch Group and shareholders of the Intouch Group are recognised as related party transactions of the Group.

Sales and service transactions with related parties were conducted under normal commercial terms and conditions, which were the same as for other customers.

13. Commitments with non-related parties

13.1 Agreement for operation of domestic communication satellite

The Company was permitted by the Ministry of Transport and Communications, under an agreement dated 11 September 1991 and an amendment thereto dated 22 March 1992, to operate and administer certain satellite projects and to render transponder services for domestic and international communications as well as the right to collect, for a thirty-year period, service charges from users of the transponders. The agreements for operation have been transferred to the Ministry of Digital Economy and Society ("MDE") (previously named Ministry of Information and Communication Technology ("MICT")).

Under the aforementioned agreement, the Company must pay an annual fee to MDE based on a percentage of certain service incomes or at the minimum level specified in the agreement, whichever is higher. As at 31 March 2020, the remaining minimum fee is Baht 137 million (31 December 2019: Baht 159 million). In addition, the Company, according to the aforementioned agreement, must transfer its ownership of all satellites, and monitoring stations and other operating equipment to MDE on the date of completion of construction and installation.

13.2 Shareholder agreement

Lao Telecommunications Company Limited ("LTC") is a joint venture, which was established under the terms of a Joint Venture Contract dated 8 October 1996, signed by the Government of the Lao People's Democratic Republic ("LAOGOV") and Intouch Holdings Public Company Limited (formerly named Shinawatra Computer and Communications Public Company Limited), According to the aforementioned Joint Venture Contract, LTC has the right to provide telecommunication services fixed line phone, mobile phone, international facilities, internet and paging - within the Lao PDR for 25 years. Currently, Shenington Investments Pte Company Limited ("SHEN"), which is a joint venture of the Company, owns 49% of LTC's registered shares. After the end of the 20th year, in 2016, LAOGOV shall have the right to consider purchasing all LTC's shares at a market price. And after the end of 23rd year, in 2019, the Group has a right to submit a proposal to LAOGOV to consider the extension of the term of agreement. Otherwise at the end of the 25th year, in 2021, the Group has to transfer all of LTC's shares to LAOGOV without any charges (Note 6). According to the shareholder agreement, LTC is required to invest at least USD 400 million in the projects specified in the agreement within 25 years.

On 23 October 2015, SHEN and LAOGOV have officially reached the agreement to extend the Joint Venture Agreement and the Master Agreement for the Development of Telecommunications Services in the Lao PDR, as a result LTC obtain right to operate communication service in Lao PDR for a further period of 25 years until 2046. According to the amended agreements, LTC is required to invest at least USD 400 million in the projects specified in the agreements within 25 years.

13.6 Other services agreement

On 1 December 2017, the Company entered into the Services Agreement for life-extension service to the satellites for five years term with a minimum commitment until the end of concession period of USD 8.88 million and with a certain right of termination by the Company under term and condition specified in the agreement. Another service fee of USD 71.12 million will be incurred depends on certain conditions of the agreement if the Company is allowed to operate the current concession satellites after the concession ends.

On 17 April 2020, the Company and the contract party mutually agreed to enter into a Termination Agreement to terminate the above said Services Agreement, resulting both parties were no longer held any contractual responsibilities. The Company recorded the write-off from advance payment amounting to Baht 98 million during the period.

14. Contingent liabilities

Assessment for income tax in India

The Tax Authority in India ('the Tax Authority'), has held that the payments received by the Company for providing Transponder Services ('TPS') to its Indian Customers and non-resident customers targeting Indian audience ('the Customer') was Royalty under both the Indian Income Tax Act ('the Act'), and the Double Taxation Avoidance Agreement between Thailand and India ('the DTAA') and subject to withholding tax at the rate of 15% on gross basis. But the Company considered income from Transponder Services to be business income, and as the Company does not have permanent establishment in India, such income is not taxable in India.

Notes to the interim financial statements

For the three-month period ended 31 March 2020 (Unaudited)

The Tax Authority still insisted on its consideration and raised the tax demand including surcharge, education tax and interest aggregating to INR 859.4 million (approximately Baht 372.7 million) against the said payment received by it from the customers and also levied penalty of INR 566.1 million (approximately Baht 245.5 million) for the Assessment Year ('AY') 1998-1999 to 2012-2013 (1 April 1997 to 30 March 2012).

So far, the Company had received Withholding Tax Certificates ('WTC') from its customers until Assessment Year ('AY') 2012-2013 net amounting to INR 593.8 million (approximately Baht 245.5 million), in which part of the amount is substituted and paid by the customer on behalf of the Company and used it as deposit. The Company had also deposited INR 480.4 million (approximately Baht 208.3 million). The deposit is presented as non-current assets in the statements of financial position.

On 4 March 2011, Income Tax Appellate Tribunal (ITAT) gave its decision that the Company's income from transponder services in India was not a royalty and, as the Company has no permanent establishment in India, such income was not taxable in India.

As the consequence, the Company does not have to pay interest and penalty imposed by the Revenue Department of India, and ITAT also decided that the demand for penalty for the assessment year 1998-1999, 1999-2000, 2000-2001, 2001-2002 and 2002-2003 made by the Revenue Department of India against the Company be cancelled. The Revenue Department of India did not appeal against the ITAT's decision on penalty for the said assessment years to the High Court of Delhi and the ITAT's decision on penalty was final. On 30 December 2011, the Tax authority notified the partial return of deposit placed by the Company against the penalty for the Assessment Year ('AY') 1998-1999 to 2001-2002 and interest, aggregating to INR 162.4 million (approximately Baht 70.4 million).

Further to ITAT decision as stated in the preceding paragraphs, the Company is in the process of requesting the refund of the remaining deposit and withholding tax from the Tax Authority. Upon the final decision of the Supreme Court and the receipt of refund, the Company will forward the Customer the amount they substituted on behalf of the Company.

On 28 September 2011, the Tax Authority has filed an appeal against the decision of High Court on 17 February 2011 which decided that the Company's income from transponder services in India was not a royalty, to the Supreme Court. At the moment, this issue is still under the consideration of the Supreme Court.

The Supreme Court of India issued a letter dated 9 November 2011, to inform the agent of the Company's tax consultant of the appeal. Currently, the matter is in process, awaiting the Supreme Court of India's consideration.

15. Other events

- 15.1 According to the judgment of the Supreme Court, Criminal Division for Persons Holding Political Positions rendered on 26 February 2010, concerns the Company and its affiliated companies in many aspects. The Company is of the opinion that the consequence of the judgment is limited to the holding that some property of the person holding political position was improperly acquired by an abuse of power while being in a political position. The judgment does not contain any order indicating that the Company or its affiliated companies shall take any actions as the Company is not involved to the case. The Company and its affiliated companies have been operating to the best of its ability in accordance with the law and the agreements and in good faith. The Company and its affiliated companies have every right available under the law and agreements to provide the facts to prove its innocence and good faith in any proceeding which may be initiated by the relevant government agencies in accordance with the law and justice.
- 15.2 On 19 April 2007, Mr. Supong Limthanakul brought legal actions against the National Telecommunications Commission ("NTC"), the office of the NTC and the Ministry of Digital Economy and Society ("MDE") (previously named the Ministry of Information and Communication Technology ("MICT")) in the Central Administrative Court ("CAC") on the ground that the three state agencies neglected to perform their duties in overseeing whether the Company has been carrying on its telecommunications business lawfully after the sale of Shin Corporation Public Company Limited's shares to the new shareholder.

CAC issued an order dated 8 April 2009 making the Company the fourth respondent in order to allow the Company to file the Reply to the petitioner's claim including evidence, documentary or otherwise to CAC and the Company filed the Reply and supporting evidence in July 2009. On 10 June 2011, CAC has dismissed the verdict.

On 8 July 2011, Mr. Supong Limthanakul has filed an appeal with the Supreme Administrative Court ("SAC"). The case is under consideration by SAC. On 23 September 2011, the Company has filed an argument against appeal with the Supreme Administrative Court ("SAC").

On 28 December 2018, the Supreme Administrative Court issued an order that the ending date of the fact inquiry shall be held on 12 February 2019 which both plaintiff and defendant are required to submit the additional documents (if any) to the Court within the said period. After that, the Court shall further determine the first hearing date.

The Company is of the opinion that it will not be adversely affected in any way as the actions were brought against NTC, office of the NTC and MICT for neglecting to perform their duties and will not constitute a cause for terminating the operating agreement as the Company has fully complied with the terms and conditions of the operating agreement.

15.3 A subsidiary of the company was being sued and claimed for the damages of satellite equipment in Australia since 2011. On 22 December 2016, the Court gave its judgement that the subsidiary shall compensate for damages of 5.3 million Australian dollars with interest which the impact of such expense was recorded in the financial statements for the year 2016. On 17 March 2017, the subsidiary has filed an argument against appeal to Court.

On 16 February 2018, the Court ordered the appeal be dismissed which a subsidiary paid an interest and a portion of expense after the Court's decision in the amount of 1.8 million Australian dollars. Nonetheless, the additional legal costs which a subsidiary shall compensate the plaintiff are being aggregated for the certain amount by the Court.

Notes to the interim financial statements

15.4 The Company and its partner have a different interpretation of certain clauses of the cooperation agreement. As a result, the Company and such company have submitted the case to the arbitrator to consider and find a solution for such different view. All witnesses from both parties have been already cross-examined. During the year 2018, the arbitrator has already considered that the interpretation of certain clauses of the company is correct, and this decision is final.

Nonetheless, the said partner still has a different interpretation towards the Company's with execution considering breach of the cooperation agreement. The Company, therefore, had to submit the case to the arbitrator to re-consider. At present, it is being on the arbitration proceeding and the trial appointment date is also not determined.

15.5 Dispute over THAICOM 7 and THAICOM 8 satellites under Operating Agreement on Domestic Communication Satellite

On 5 October 2017, the Company received a letter from the Ministry of Digital Economy and Society (the "Ministry") stating that Thaicom 7 and Thaicom 8 satellites were the satellites under the Operating Agreement on Domestic Communication Satellite dated 11 September 1991 between Intouch Holdings Public Company Limited ("INTOUCH") and the Ministry (formerly known as the Ministry of Information and Communication Technology (MICT)) (the "Agreement"), which INTOUCH established the Company to operate works under the Agreement. In this regard, the letter from the Ministry stated a request for the full compliance with the Agreement on an urgent basis; e.g. transfer of ownership and delivery of assets, procurement of the backup satellite(s), payment of overdue revenue sharing, and property insurance.

The Extra-Ordinary Board of Directors' Meetings of the Company on 24 October 2017, respectively, considered such letter and consulted with legal advisor and then opined that Thaicom 7 and Thaicom 8 satellites were not the satellites under the Agreement as the procedures of Thaicom 7 and Thaicom 8 satellites fell under the scope of license received from the National Broadcasting and Telecommunications Commission. Moreover, the Company has fully complied with the terms and conditions of the Agreement and has not proceeded with any operations against or violating the Agreement. Therefore, the Company had a different opinion from the Ministry on Thaicom 7 and Thaicom 8 satellites. Accordingly, the Meetings resolved that the Company submit to an arbitrator the dispute, resulting from the terms of and compliance with the Agreement and that the parties thereto have not been able to resolve it, for further settlement. This is in accordance with Clause 45.1 of the Agreement and the Company has submitted the dispute to the Arbitration Institute on 25 October 2017, as appeared in the Black Case No. 97/2560.

The case is in the arbitration process. The Company does not have any duties to comply with any of the foregoing requests until the case is final. However, in August 2019, the Ministry filed a petition to the CAC on the arbitration jurisdiction over the Black Case No. 97/2560, and requesting the CAC's order to suspend the arbitration process. On 24 October 2019, the CAC had an order refusing to suspend the arbitration process.
